

LTH GROUP HOLDINGS SDN BHD

COMPANY PROFILE 2025

ABOUT OUR COMPANY

LTH Group is a diversified conglomerate specializing in Precast Concrete product manufacturing, with a commitment to delivering innovative and high-quality solutions.

Since our humble beginnings in 1985 as a small hardware shop in Batu Gajah, Perak, we have grown into one of Malaysia's leading Precast Concrete manufacturers. Our extensive product range includes U-Drain, Box Culvert, L-Shape Retaining Wall, Concrete Pole, Chamber Ring, and other custom-designed precast products. These products are supplied nationwide, serving both private and government construction projects of various scales.

In addition to Precast Concrete manufacturing, we have diversified into other key sectors, including Ready-Mix Concrete, Sanitary Ware, Property Development, and Logistics. This multi-faceted approach allows us to meet the dynamic demands of the construction and building industries while maintaining the highest standards of quality and reliability.

KEY PEOPLE

MR LIM CHEK LONG

Managing Director
Group CEO

MR TIEW WAI LEONG

Board of Director
Group COO
